

MULTIPLY- HELP YOUR CHILDREN WITH ADDITION AND SUBTRACTION

Do your children need support with their maths homework? Would you like to feel more confident in understanding how they're learning maths at primary school? BAEC Tutor [Alex Garrod](#) will provide you with information on how addition and subtraction is taught across primary school and give you ideas on how to support them at home.

WHEN AND WHERE

- Wednesday 20th March 10:00 -11:30am - **ONLINE**

OR

- Thursday 21st March 1:00-2:30pm - **ONLINE**

Each session includes an hour presentation and following half an hour for follow-up questions.

CONTENT

This workshop will help you:

- Better understand the methods children use to add and subtract in school.
- Develop activities and games to help them recall number bonds.
- Support future homework tasks.

COST

Free

To join the workshop, click on the link [here](#) or scan the QR code.

ELIGIBILITY

Open to students who can demonstrate three years' residency in the UK, have permission to reside in the UK, and who are looking for support with their numeracy.
